NOTES:

Press rates by telegraph are applicable only to news material, and to certain types of orders and queries referring to news material.

Night Letter and Day Letter are deferred services.

A moderately good typist can send 40 words a minute on TWX, or 120 words in the three minute period. On the other hand, some messages will not require the full 3 minutes. Therefore we have taken the rate for 50 words as a comparison. Since TWX is a two-way service it will often replace two telegrams -- one each way.
